

Your Piece Of The P.I.E.E.

(Participation is Encouraged and Essential)

SANTA FE SPRINGS CHRISTIAN SCHOOL– FALL, 2016

Fundraising at Santa Fe Springs Christian School allows us to do all the “extra things” that we would otherwise not be able to do for our kids. The last couple of years we have focused on technology – new iPads and tablets for use in the classrooms and a new computer lab. This year we would like to begin focusing on replacing our playground. This is a huge project (around \$50,000) and will probably take a couple of years or more to accomplish, **but without your help** – it will be impossible.

As in every year, we want to encourage school participation and spirit. When students are more involved in their school, they simply do better, have more fun in school, and have great memories of growing up while at our school. It seems that each year, we have more and more students return to visit or even bring their own children to attend SFSCS. It is so exciting to see and hear how we have made an impact on their lives.

With that said, our school depends upon the essential funds created by our various fundraising activities and that is what this is about. We are proud that **78%** of our students participated in our magazine sale last fall! We were the top selling school in percentage of participation this year. This is where this message takes flight: We want to encourage students in fundraising to go from selling zero to becoming a hero in participation, if only in the smallest degree. One sale helps! **We would like to set a Los Angeles county record and be the first school to achieve 100% participation in a voluntary sale!**

For those that have not participated in the past, we are asking that consideration be made for one sale or purchase. This could be a purchase for the student or family of one item. This could also be selling one item to someone. There are many other opportunities to participate other than purchasing/selling magazines. These are all in the booklet.

- **Digital Savings Phone App**
- **USO Program** - \$25.00 purchase provides a cash donation to USO & a magazine to an overseas military man or woman
- **Kids Helping Kids** – provides reading material to disadvantaged youth

We will still offer an exciting prize program to those students and families who get more involved. Frankly, these students and families are the driving force for the success of our sale. If we have everyone’s participation, even at one level, and along with those who sell more, we will be very successful and able to provide even more for your son or daughter. Please do your part in our “**Piece of the P.I.E.E**” initiative. Help us build our new playground! Thank you!

Parents and Students,

And look for info to come
about our new initiative →

Your Piece Of The P.I.E.E.
(Participation is Encouraged and Essential)

Online Magazine Sales are growing dramatically each year to help our school raise funds. Thank you for looking at this method of making your purchases. Of course, you can still order from the catalog which will be arriving home following our kickoff assembly in the fall. Online purchases save time for our volunteers as internet orders are processed with little effort on our part. In addition, online orders tend to be several times **more accurate** with regard to correct addresses and magazine code number clarity and the **magazines arrive to you quicker!** Try online sales. We think that you will like it!

- ✓ Start Purchasing and Selling Now
- ✓ All sales during the summer will count towards prizes and Tuition Rewards for your son/daughter

A new set of DUCKS are the new collectable in our prize program. Students with online sales over the summer will receive prize credits towards the incredible prizes that they will see at our kickoff. We will also be giving away a special prize for those students sending out at least 10 emails.

Families who have used the method below found selling magazines easier and those students generally sold more than anyone else with less effort. **Here are some important tips:**

When you enter the site, you will be asked for an account number. Our number is:

- **4114708 (Hint: Write this number down)**
- Please **REGISTER**. Registration makes it clear when assigning prize and sales credit to a particular student. The student ID# given at registration is a failsafe for sales credit.
- **SENDING EMAILS** to family friends and relatives through GAO's secure site has proven to be the easiest way to increase sales. A personalized e-mail is sent to the recipients that you designate and puts them into our school's selling site. If you registered, all sales son or daughter.
- And, don't forget, you can **SHOP** in this site

\$136,000 in Tuition Rewards were earned by our students last year!

SAGE Scholars
tuitionrewards

And now, with the Tuition Rewards Program, selling over the summer helps your son/daughter to qualify for \$1,000 or \$2,500 in College Tuition Points to over 350 Private Colleges with as little as \$100 in sales. See our website for more details.

Now, Click on this link to take you to our magazine selling site. We hope that you enjoy your experience!
